***Robert Smith, 25 Ballochmyle View, Catrine, Ayrshire KA5 6EN***

***Tel 01290 550897. Email: robert @rsmith4.orangehome.co.uk***

## **ADVANCE INFORMATION 24/3/2014**

This will be the Club's first Show since our popular gatherings at Culzean Country Park over two decades ago and as we will have a new organisational team in place we will be feeling our way in this first year. Until we have experience of how well our plans work out we will try to keep things simple.

We plan to run classes for various vintage saloons and sports (inc. kits) as well as modern classics and other types of interesting vehicles and these will be detailed in our regulations and entry form which will be available in a few weeks.

The Complex at Kames consists of a large surfaced paddock and extensive grass area with a highly popular half mile tarmac circuit, 13ft wide. There is a modern toilet block, a Cafeteria and a public address system. It is hoped spectators can view all cars without leaving a tarmac surface.

The competition circuit will allow each car to complete a slow parade lap during which a Commentator will give a full description

The site lies 0.5 of a mile south of Muirkirk village, around ten miles from the A74 at Douglas and a similar distance from Strathaven and Cumnock. Within 100 metres of the Complex is a large caravan park, popular with hillwalkers and the adjacent nine hole golf course.

If you would like to add your name to our circulation list, please Email me at the above address and an entry form will be sent in due course.
