September 2016 Rallies

15. DAMAGE DECLARATION

Competitors will be required to sign a report detailing whether they have been involved in any incidents resulting in damage to private property and/or injury to persons or animals, or alternatively giving details of any such incident where damage or injury has occurred (R40.1.3). Any information given will not incur a penalty, but failure to hand in a duly completed form will be penalised by **EXCLUSION** and will be reported to the MSA for further disciplinary action.

The competitor is responsible for the first £350.00 of each or any such claim.

16. MEDICAL ASSISTANCE

- All Competing cars must carry an A4 sized SOS board and a black OK board. If, following an accident, URGENT medical aid is required the SOS board must be displayed to passing competitors. Competitors seeing an SOS board should STOP at the scene of the accident to try and ascertain what assistance is required. They then should report the incident to either the next radio point or the Stage Finish Marshal, giving as much information as possible. Any competitor delayed due to assisting at the scene of an accident should report the fact to the COC at the earliest opportunity. The organisers reserve the right to use any means at their disposal to resolve the situation. The penalty for displaying an SOS board when urgent medical assistance is not required is EXCLUSION with a report being submitted to the MSA. The Penalty for not stopping at an SOS board is EXCLUSION.
- If NO medical assistance is required after an accident the OK board must be prominently displayed. This system does not exempt competitors from the responsibility of advising officials if they are aware of a fellow competitor being off the road or in some difficulty.

17. MARSHALS

[WE NEED TO ATTRACT MORE MARSHALS SO PLEASE BRING SOMEONE IF YOU CAN](#)

18. Controls and Timing Information

The rally will be divided into road sections and special stages. All controls will be a time control (TC). Each road section will be allotted a target time and a competitor can calculate his due time of arrival at any TC by adding this target time to their actual time of departure from the preceding TC. All special stages will have a bogey time set at 75mph average and a target time set at 30mph or less. However excess lateness in minutes taken over target on road sections and on special stages is cumulative and once lost cannot be regained. When the cumulative lateness between MTC1 and MTC IN exceeds the permitted maximum, a competitor will be excluded. Permitted lateness on this event is 10 minutes. Timing on road sections will be to the whole minute. Timing on special stages will be to the nearest second. Such sections will be clearly indicated in the roadbook / timecard. Should any recorded time be illegible or not appear authentic, the organisers may use any means at their disposal to establish times. The organisers times and distances are deemed correct.

September 2016 Rallies

To be classified as a finisher, a Competitor must report to all controls listed in the Road Book except as provided for in 32.2 (a) where two-thirds of the stage must have been completed and report to the final control within the maximum lateness specified, with the car in which they started.

Procedure:

Main Controls

MTC are situated at the Start and Finish of the rally. Each competitor will be issued with a due start time from MTC1. The difference between this time and the starting time will be penalised at one minute per minute. To be classified as a finisher, competitors must not have accumulated more than 10 minutes lateness prior to MTC IN.

Special Stage Arrival (SSA)

On arrival at SSA, the competitor must be ready to start the stage with helmets and belts on. After control procedure he / she will follow marshals' instructions to move to the start line. A competitor who is early may wait for his / her due time outside the control area (Yellow Clock).

Special Stage Start (SSS)

At the SSS, competitors will receive a start time for the stage in hours, minutes and seconds. Once the competitor has cleared the SSA, the start marshal will assume that he / she is ready to start the stage and will issue a time as soon as the start line is clear, whether the competitor is ready to start or not. The marshal will inform the competitor via the traffic light system at 10 seconds to go and it will count down 5-4-3-2-1 and give a green signal to GO at 0.

Special Stage Finish (SSF)

At the SSF, the competitor will receive his / her finish time in hours, minutes and seconds. This time in hours and minutes will be the start time for the following road section. Any competitor who fails to stop at the Stop line must not, under the pain of exclusion, reverse to the Stop line but must return on foot.

Card Collect (CC)

CC will be situated at the end of each stage after the Stop line. The organisers will establish CC in order to collect time cards from competitors.

September 2016 Rallies

ANY COMPETITOR HAVING DOUBTS OR QUERIES REGARDING THE ABOVE, HAS THE RESPONSIBILITY TO GAIN CLARIFICATION FROM THE CLERK OF COURSE PRIOR TO THE START OF THE EVENT.

19. PENALTIES

Penalties will be applied in accordance with (R13), except as detailed below:

- Excess lateness in minutes taken over target on road sections and special stages is cumulative and once lost cannot be regained. When accumulated lateness exceeds the permitted maximum, a competitor will be excluded. Maximum lateness on this event is 10 minutes.
- For every second taken on a special stage: 1/60th of a minute.
- For every minute early at stage arrival controls: 1 minute
- Making a false start on a special stage: 1 minute
- Not complying with a requirement of the roadbook, these regulations, or any other written instruction which may be issued for the event for which no other penalty is specified: 10 minutes
- Working on a car at special stage controls, other than tyre repairs, cleaning windows and lights: 10 minutes
- Driving on the grass (1st offence) 5 minutes
- Driving on the grass (2nd offence) EXCLUSION
- Taking an incorrect route on a special stage (1st offence) Stage Maximum
- Taking an incorrect route on a special stage (2nd offence) EXCLUSION

September 2016 Rallies

21. BRICK AND STEEL JUNIOR 1000 ECOSSE CHALLENGE 2016

Once again this year the rally has been selected to run a round of the **BRICK AND STEEL JUNIOR 1000 ECOSSE CHALLENGE 2016** as defined by the championship rules. As part of the MSA requirements/regulations for this championship, competitors in the championship must run on the stages by themselves, i.e. there must not be any cars from the main part of the event on the stage at the same time as the Junior'. To achieve this there has to be a gap between the two events which therefore stretches to the limit the running of all 16 stages within the allowed time that the circuit can operate. In order to achieve this, cars in the junior event will be interposed from the first running of the stage straight back into the second running of the stage and road timing between stages will be operating. Just as road timing will be operating in the main event.

As soon as all cars from the main event have completed the pair of stages, or maximum lateness of the last car in the main event has been reached, the Junior Rally will be started.

At that point no cars from the main event will be allowed to move on the stage until the juniors have finished their two runs through.

If you have stopped on stage for any reason and the juniors have started ***YOU MUST NOT MOVE TILL THEY HAVE FINISHED THEIR TWO RUNS THROUGH THE STAGE.*** (Junior runners will be denoted by running number J1 upwards.)

PENALTY FOR DISOBEYING THIS INSTRUCTION WILL BE EXCLUSION FROM THE EVENT, REPORTING TO THE STEWARDS OF THE MEETING AND THE MSA.

After the juniors have finished you will be given permission to return to the paddock.

The above is reciprocal for the Juniors.
