KAMES

The weather held good for the third visit of the country's top sprinters to Kames on July 30/31st, when East Ayrshire Car Club welcomed competitors from the south coast of England and the north coast of Scotland.

Stewart Robb Sr had been declared 2011 British Champion just before the meeting following cancellation of the final two rounds at Lydden Hill in Kent.

He had serious competition at Kames however, with son Stewart taking top points in both Championship run-offs and Ross Napier also putting pressure on him.

The sport was excellent once again with young Stewart setting an outright record for the anti-clockwise course and three drivers recording 127mph on Saturday. Several class records were broken.

The Club Committee would like to thank all marshals, catering staff and everyone else who helped make this prestigious event such a success, including the Saturday evening social gathering in the Caravan Park Clubhouse.
