The test days on March 17th and 18th both ran with full entry lists and another is scheduled for Sunday 1st April.

The following weekend is a busy one at the track. Friday sees the students from the University of the West of Scotland putting their test car through its paces. Next day the Subaru Impreza owners take to the track, followed on Sunday by the Peugeot Sport Club UK.

First sprints of the season are the two opening rounds of the 2012 Guyson Scottish Sprint Championship on Saturday April 14th and Sunday 15th. As usual, marshals will be needed so why not come along.
