BRITISH SPRINT
CHAMPIONSHIP
GUYSON
SCOTTISH SPRINT
CHAMPIONSHIP
KAMES JULY 28 & 29TH**

The fourth visit of the British Sprint Championship to Kames was again a big success with the Club being complimented on its marshalling and organisation. While a few competitors still feel with some justification on the track is a bit tight for the bigger singleseaters, others consider it gives those with smaller engines a better chance. Whatever their views the championship con-

tenders supported the event magnificently, no fewer than seventeen registered competitors travelling up from England and Wales, plus two from Scotland. Three drivers also came over from Northern Ireland. Stewart Robb won both run-offs to enhance his chances of retaining the British Championship but he was put under pressure on Saturday by the rapidly changing weather. He went into the last run of the day lying twelfth in the run-off, but he kept his nerve and came up with the goods. On Saturday evening there was a social function in the lounge of the Caravan Park. Well done, all concerned.
